

# James Ketchell Adventurer

## Is there weather in the middle of the ocean?

### Resources

World map / atlas

Video updates from James about the weather.

Data / images from NOC

### Learning Objectives

KS1 I can name and locate the worlds 5 oceans.

I can identify seasonal and daily weather patterns in the United Kingdom

I can observe and describe weather associated with the seasons and how day length varies (Science)

KS2 I can identify the position and significance of latitude, longitude, Equator, N and S Hemisphere.

### Geographical Skills

Use globes/maps/atlas/digital mapping/technology to follow and plot a position.

Collect, analyse and communicate with a range of data gathered through experiences of fieldwork that deepen their understanding of geographical processes.

### Activities

Look at the different types of weather experienced by James as he travels including temperature. How does it change with location and seasons?

In the links section there are links to weather inspired writing activities from Oak National Academy.
